**Airborne Labs International Partners with Parts4Cleaning**

Somerset, NJ, June 2022 – Airborne Labs International has announced a partnership with Parts4Cleaning.

ALI is the world's leading laboratory for accredited gas purity testing. As a market leader, ALI specializes in accredited tests of technical purity of hydrogen fuel in accordance with the requirements of SAE J2719 / ISO 14687-2 / ASTM standards. ALI has many years of experience in testing the purity of hydrogen and other gases. Now to be accompanied with local support of Parts4Cleaning's technical purity specialists in launching new research projects related to clean hydrogen production installations in Europe.

The Parts4Cleaning group is a team of enthusiasts specializing in technical cleanliness during production and assembly. They have been gathering experience for over 20 years during the implementation of over 500 projects for the automotive, aviation, electronics, energy and other industries.
